Footnotes:

OEM furnace models abbreviated to shorten the length. Reference the control board P/N for proper replacement.
 Numéros de modèles de chaufferettes d'origine abrégés pour des raisons d'espace.
 Fournir le numéro de pièce du tableau de commande pour obtenir un remplacement adéquat.

*Nordyne/Rheem/York = additional numbers or letters

*Les modèles Nordyne / Rheem comportent des chiffres ou des lettres supplémentaires

*Los modelos Nordyne / Rheem tienen más números o letras

N/A = Not Available N/D = Non disponible N/A = No Disponible

**If existing furnace circuit board has 2 green lights and NO amber light (furnace date code 3294 or earlier), an additional Flame Sensor Kit (Rheem Part 62-24044-71) may be required.

**Si la carte de circuits imprimés existante de la fournaise est pourvue de deux voyants verts et d'AUCUN voyant ambré (code de date de fournaise 3294 ou plus ancien), une trousse de détecteur de flamme (pièce no 62-24044-71 de RHEEM) peut être requise.

**Si la placa de circuito del calefactor actual tiene 2 luces verdes y NINGUNA luz ámbar (código de fecha de calefactor 3294 o anterior), es posible que se necesite un kit detector de llama adicional (Rheem número de pieza 62-24044-71).

‡50M56U-843 will not replace HK42FZ013 or control boards with an 11-pin bar connector.

‡Le module 50M56U-843 ne remplace pas le module HK42FZ013 ni les cartes de circuits imprimés à connecteur à 11 broches.

‡50M56U-843 no reemplaza HK42FZ013 ni las placas de control con un conector de barra de 11 pines.
